## Profile Summary

Passionate and detail-oriented **Full Stack Developer** with hands-on experience in building scalable web applications using **Next.js, MERN, and Django**. Strong problem-solving abilities demonstrated through solving **200+ LeetCode problems**. Skilled in optimizing performance, integrating APIs, and delivering clean, maintainable code. Seeking an internship opportunity to contribute technical expertise and learn in a collaborative environment.

## Technical Skills

**Languages:** Python, JavaScript, C

**Frameworks & Libraries:** Next.js, React, Node.js, Express.js, Django

**Databases:** PostgreSQL, MongoDB, Redis

**ORM / Tools:** Prisma, Mongoose

**Other Technologies:** WebRTC, REST APIs, Git/GitHub, Docker

## Projects

**School ERP System** — Next.js, PostgreSQL, Prisma - Built a full-featured ERP for managing student data, fee payments, and attendance. - Deployed in **two schools** and running profitably. - Implemented secure authentication and role-based access control. - Optimized database queries for 40% faster load times.

■ [Live Demo](#)

**College Result Website** — Next.js, PostgreSQL

- Designed and deployed a responsive platform for publishing student results.
- Achieved **2,000+ active monthly visits** with SEO optimization.
- Integrated an admin dashboard for easy result management.

■ [Live Demo](#)

**Chess Game** — Vanilla JavaScript, HTML, CSS

- Developed an interactive chess game with move validation and visual highlights.
- Implemented modular game logic for maintainability and scalability.
